DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to disclose or make obvious a horizontal surface plasmon resonance instrument for use with a sample cell having a metallic film with probe molecules attached to a first side of the film exposable to material flow across the first side of the film and having a transparent support attached to a second side of the film opposite the first side, the horizontal surface plasmon resonance instrument having an optical assembly for adjustably directing the analyzing light beam received along the first fixed axis at one of a range of incident angles at the second side of a film of a sample cell in the holder and for directing reflected light received at a corresponding one of a range of reflection angles from the second side of the film back along the second fixed axis, and in combination with the other recited limitations of claim 1. Claims 2-15 are allowed by the virtue of dependency on the allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
